ATTENTION FORMER STAFF OF TIL

The Official Liquidator received a claim on behalf of all staff as submitted by a former Director of the Company at the commencement of the liquidation process. In order to minimize professional fees the Official Liquidator did not request that every employee file their own separate claim given the administrative time and costs involved in that process. The Official Liquidator cross checked the claim received for every employee to the Company's payroll system and was satisfied the claim provided for each employee was accurate.

Attached is a list of these claims anonymized to protect the confidentiality of each Preferential Creditor. If any former employee of TIL has any concerns and would like to confirm the accuracy of the claim made on their behalf please contact the Official Liquidator at the above email address and he will provide you with the Employee Number that corresponds to the claim made in your name.

Thank you

Andrew Davies
